IT MANAGER

WORK EXPERIENCE

Jan 09 – Today VSL Middle East LLC, construction company, Dubai, UAE

I am currently IT Manager for VSL, subsidiary of Bouygues Construction, in Dubai's branch. Reporting to the CFO, in a very international context, I coordinate the activities related to IT, supervise a network of 200+ computers, ensure stability and reliability of the system, plan the investments and evolutions, interact with suppliers and lead two support engineers. I develop an intranet using open source technologies and play a key role in the deployment of SAP Business One.

Competences: OS: Windows 2003 Server, Ubuntu Server, Windows XP & Vista.
Development Web: PHP MySQL CSS. Monitoring.
Servers: DHCP, Active Directory, DNS, Symantec Backup ; Apache, MySQL

Dec 07 – May 08 TFDC, Taco Faurecia Design Center, Pune, INDIA

I join the 4-member IT team for a 5-month period, I am in charge of the network, bring new ideas and help in the support process for the OS and software, clients and servers. I develop two internal tools for monitoring purpose, in Java, PHP and MySQL. I also set up a ticketing system.

Competences: OS: Windows 2003 Server. Development Java, Php, CSS, MySQL.
Servers: DHCP, Active Directory, Exchange, Citrix, Filer NetApp.

May 06 – Aug 06 IFD, Institut de Formation et de Développement, Angers, France

Taken as an intern, I upgrade the IT system and develop an interactive and professional website. I implement an intranet and provide a network management solution.

2005: Waiter & cook in restaurant, UK 2003: Science & astronomy teacher in kindergarten, France
2004: Responsible for cereal silos, France 2003: Tester & developer assistant for publishing software, France
