IT MANAGER

autonomous, involved, international

WORK EXPERIENCE

Jul 10 - Today Regional IT Manager - JCDecaux Middle East and Africa, Dubai, UAE

Reporting to the regional CFO, I handle the IT department of JCDecaux' branches in Dubai, Qatar, Saudi Arabia, Algeria and Israel. Leading 4 IT executives, I manage the mutualization of IT resources in the region, the implementation of an ERP, the IT budgets, the contracts and the server's administration. I also take care of the digital advertising in Dubai Airport, from the WiFi sponsoring to the videos advertising.

First IT Manager for Dubai, I got promoted as Regional IT Manager in July 2011.

Skills:

Windows 2003 Server, Ubuntu Server, Windows XP Pro, Windows Seven, AD forest, GPO, Exchange, Symantec Endpoint, Firewall, Nagios, ERP, WiFi

Jan 09 - Jun 10 IT Executive - VSL Middle East LLC, Dubai, UAE

Under the direction of the CFO, in a very international context, I coordinate the activities related to IT, supervise a network of 200+ computers, ensure stability and reliability of the system, plan the investments and evolutions, interact with suppliers and lead two support engineers. I develop an intranet using open source technologies, which is now implemented globally in all VSL branches. I also play a key role in the deployment of SAP Business One.

Skills:

Windows 2003 Server, Ubuntu Server, Windows XP Pro, Active Directory, DHCP, Symantec Backup, Apache, MySQL, PHP, MySQL, CSS, Monitoring.

Dec 07 - May 08 Network Engineer - TFDC, Taco Faurecia Design Center, Pune, INDIA

In charge of the network setup in a 4-member IT team, I bring fresh ideas and help in the support process for clients and servers. I develop two internal tools for monitoring purpose, in Java, PHP and MySQL and set up a ticketing system.

2006: Intern at IFD, website development, France

2003: Tester and developer assistant for publishing software, Vivendi, France
